Profile

IT undergraduate at the University of Moratuwa with hands-on experience in full-stack development, AI integration, and cybersecurity-focused projects. Skilled in building practical, user-focused applications using modern web, mobile, and backend technologies, and proficient in graphic design using Adobe Creative Suite. Passionate about combining technical and creative skills to build impactful software solutions, and currently seeking a Software Engineering internship to contribute to meaningful projects.

Education

BSc (Hons) in Information Technology	2024 – Present
University of Moratuwa • CGPA: 3.2	
G.C.E. Advanced Level (Biological Science Stream)	2023
Maliyadeva Balika Vidyalyaya • Biology: B Physics: B Chemistry: A	
G.C.E. Ordinary Level	2019
Maliyadeva Balika Vidyalyaya • 9 A Passes	

Skills

Core Technical Skills

Frontend	HTML, CSS, React.js, Next.js, Tailwind CSS, Flutter
Backend	Node.js, Express.js, Spring Boot (Java), FastAPI (Python)
Programming Languages	Java, Python, JavaScript, TypeScript, Dart, C
CS Fundamentals	OOP, Data Structures & Algorithms, REST API Design
Databases	PostgreSQL, MySQL, Microsoft SQL Server

Tools & Design

Tools & Platforms	Git, GitHub, VS Code, Postman, Docker
Design & UI/UX	Figma, Canva, Adobe Photoshop, Adobe Illustrator

Projects

Mentora – Smart Tutoring Platform	2026
- Built a full-stack tutoring platform supporting 20+ courses, multiple user roles, course discovery, enrollment, and optimized API/database operations. - Integrated an AI-powered recommendation engine to provide personalized course and study-path suggestions.	
Stack: Next.js, React, Node.js, Express, PostgreSQL, Gemini API	
Spendly – AI-Powered Shopping Assistant (Chrome Extension)	2026
- Built a full-stack Chrome extension and Python backend that detects products on e-commerce pages, performs deterministic price comparisons across multiple retail sources, and uses a Gemini-powered agent to generate natural-language buy/wait recommendations without allowing the LLM to invent numerical data. - Implemented personalized spending analysis, purchase-history tracking, and a rule-based product-matching algorithm (brand/title/category/attribute scoring) to power data-driven shopping insights.	
Stack: Chrome Extension (Manifest V3), TypeScript, React, Python, FastAPI, PostgreSQL, Gemini API	
TollGuard – Automated Highway Toll Collection System	2026 – Ongoing
Developing a secure automated toll collection system simulating ANPR-based vehicle recognition with optional RFID identification, automated toll processing, and fraud detection, with a focus on backend security.	
Stack: Python, FastAPI, React, TypeScript, PostgreSQL, SQLAlchemy, JWT, RBAC, HMAC-SHA256, Pytest, Docker	
SmartClinic – Digital Clinic Automation System	2026
Developed a full-stack clinic management system covering patient records, appointments, consultations, precriptions, and billing with JWT authentication and role-based access control.	

- Integrated a Gemini-powered AI assistant for doctors to query live clinic data using natural language.

Stack: *Next.js, TypeScript, Spring Boot, Java, PostgreSQL, REST APIs, JWT, Tailwind CSS, Gemini API*

Mentora Student App

2026

- Built the complete student-facing mobile app (Android, iOS & Web) for the Mentora platform covering authentication, course browsing, enrollment management, profile, and an AI-powered tutor recommendation tab — wired to the live production backend.

Stack: *Flutter, Dart, Provider, Node.js, Express, PostgreSQL, Gemini API*

AES Glove – IoT-Based Smart Rehabilitation Wearable

2025

- Built an IoT rehabilitation glove using multiple biosensors and ESP32, with real-time patient data streaming to a web platform for remote monitoring.

Stack: *ESP32, Embedded Systems, Sensor Integration, WebSockets, Node.js, MongoDB*

UMISF Official Website

2026

- Contributed to frontend development of the official UMISF Badminton Championship website, supporting player registration and tournament participation through a responsive web interface.

Stack: *React.js, React Router DOM, Material UI, Ant Design, CSS*

Extra-Curricular Activities

- Active Member, University of Moratuwa Badminton Team (2024 – Present)
- 2nd Place, Women's Badminton Team – Sri Lanka University Games (SLUG) 2025
- Winner, Inter-Department Badminton Tournament (ShuttleStorm) 2025
- Organizing Committee, UMISF Badminton Tournament, University of Moratuwa (2025/2026)
- Member, MoraSpirit – Creative Design Pillar(2024/2025)
- Participant, Devthon 3.0 (CivicEye – Nexora)

Additional Certifications

- Diploma in English Language (Merit Pass) – Wayamba University of Sri Lanka, 2023
- Diploma in Graphic Design – SIPWAY Campus, 2023
